- English A2

EXPERIENCE

Agroindustrial engineering intern   *2023- 2024*
Alma de Huila

- I did the professional internship for 6 months and worked the next 6 months in the natural coffee processing area of the company. I was in charge of 20 people with whom I developed work strategies that helped improve communication, effectiveness and performance. of the processes.

Administrative assistant   *2022 - 2023*
Centro internacional de maquinaria pesada DPL

- I carried out administrative tasks and direct customer service. This included managing documentation and files, performing reception and telephone support tasks, thus contributing to the general functioning of the company and maintaining positive relationships with customers.

PROJECTS

Hotels booking   *June 2024*
